RESEARCH PLUS

International Forum on Clinical Medicine and Surgical Safety

5th-6th Feb 2026 | El Alto , Bolivia

IFCMSS - 26

Organized By : Research Plus

About (IFCMSS - 26)

International Forum on Clinical Medicine and Surgical Safety (IFCMSS - 26) will be held in El Alto, Bolivia on 5th - 6th Feb 2026. It aims to bring together researchers, scientists, academicians, policymakers, and industry experts to share their experiences and knowledge in their respective fields. This conference will provide a platform for attendees to exchange ideas, discuss research findings, and network with one another. (IFCMSS - 26) offers a valuable opportunity for attendees to learn about the latest advancements and developments in their field. The conference is dedicated to showcasing the latest innovations, trends, and concerns in a variety of fields, making it a premier interdisciplinary platform for attendees.

About Research Plus

Research Plus is a premier conference organizing forum that brings together experts from diverse fields to advance knowledge and collaboration. We offer professional development and networking opportunities for established and aspiring professionals, students, and enthusiasts, with a focus on fostering collaboration and strengthening professionalism. Our platform provides attendees with the chance to share ideas, learn new techniques, and connect with friends and colleagues from around the world. Our team of experienced professionals, along with support from our International Advisory Board, drive innovation and sustainable growth in the industry. We are proud to collaborate with leading organizations, promoting the exchange of ideas and shaping the future of the field.

Vision:

✤ To be recognized as the leading organization driving innovation and progress in the fields of science, engineering, and technology.

Mission:

✤ Our mission is to bring together experts and enthusiasts from these fields to promote professional development, knowledge sharing, and collaboration. We strive to provide a platform for attendees to enhance their skills, network with peers, and advance their careers, all while contributing to the advancement of these fields.

Goals:

✤ Foster collaboration and networking opportunities among attendees.

✤ Promote professional development and knowledge sharing through conferences and events.

✤ Advance the fields of science, engineering, and technology through the exchange of ideas and innovative thinking.

✤ Support the careers of established and aspiring professionals, students, and enthusiasts

✤ Collaborate with leading technical institutes to drive technological innovation and sustainable development.

✤ Continuously improve and expand the scope and impact of our conferences and events.

Scope and Benefits

✤ Professional Development: Attendees can gain new knowledge and skills to improve their work performance.

✤ Networking Opportunities: Meet and connect with experts, peers, and industry leaders in a face-to-face setting.

✤ Access to New Ideas: Hear about the latest research and advancements in various fields.

✤ Cross-disciplinary Interaction: Conferences provide a platform for attendees to engage and exchange ideas with professionals from a variety of industries.

✤ Opportunity to Present: Conferences also offer attendees the chance to present their own research and showcase their expertise.

✤ Pre-Conference Workshops: Attendees can participate in targeted workshops and training sessions that delve deeper into specific topics.

✤ Personal Growth: Conferences offer attendees the chance to expand their horizons, challenge their thinking, and grow both professionally and personally.

Call for Paper

- Call for Papers is a vital part of any conference, where researchers and experts present their work for review by peers
- This non-professional review process helps presenters refine their work and improve their professional development
- The feedback received in these sessions benefits not only the presenters, but also evaluators and listeners, as it provides an opportunity to learn about the latest developments, share perspectives, and gain high-quality information in their areas of expertise
- Scientific sessions in a Call for Papers bring together a community of experts and researchers to exchange views in a relaxed atmosphere
- Sessions include both oral and digital presentations and allow for lively question-and-answer sessions
- Discussions can range from brief to in-depth, depending on the topic, but ultimately aim to foster engagement and open new avenues of research
